ABOUT THE SYMPOSIUM

Research flows from academic to industry. It is most important channel for a successful transition of knowledge to the commercial sector. The basic findings emerging from glycosylation nano-carrier targeting provides novel strategies for prevention and eradication of cancer. To boost up this phenomenon we need to transform the methodologies and strategies of engineered commensal bacteria vector based therapeutics idea to the next generation. Symposium could be the best way for this objective. We are organizing one day national level symposium for mid career scientists, teaching faculties, researcher and for students empowering and upgradation of the acknowledge in the field of commensal bacteria drug delivery for therapeutics.

OBJECTIVES

- ▶ To, highlight the importance of different type's commensal bacteria explored defense against respiratory pathogens**
- ▶ To develop awareness about commensal bacteria based vectors for prevention and eradication of several diseases.**
- ▶ To motivate the academicians for commensal bacteria based therapeutics.**
- ▶ To extend the frontiers of engineered commensal bacteria targeting research in a diverse R & D field.**

ABOUT THE INSTITUTE

Gyanveer College of Pharmacy Sagar was established under the aegis of Gyanveer Seva Samiti with an aim of imparting quality education. It is an autonomous body set up in pharmaceutical education field. The Institute is conceived to provide leadership in pharmaceutical sciences. It is offering D. Pharm & B.Pharm course, as per the norms and standards of regulating bodies. We have modern lecture halls, well equipped laboratories, e-library and computer labs with Internet facility. The college is approved by Pharmacy Council of India (PCI) . The institute is fully devoted in development and upgradation of high level of research standards.

LOCATION

The Sagar city is around 180 KM north-east of state capital, Bhopal, and 200 km from Jabalpur. It is known in all over India due to its Central University named as Dr. Harisingh Gour Central University and Army Cantonment. It is well connected by road and rail. The vibrant character of the city is its lush green pollution free environment. Weather is pleasant but moderately cool. It has emerged as the educational hub especially in the sphere of pharmacy.
